Focus on the topics covered:

- When is the best time to search for an accommodation and how to handle it ?
- How to stand out from the crowd and find your accommodation quickly?
- Everything you need to know about the steps to take and the mistakes to avoid.
- The Studapart team is committed to answering all your questions at the end of the webinar with a Q&A session where you are free to ask any questions.

3. How does the platform work?

IT'S AS EASY AS 1,2,3!

1. Sign Up

You will need to provide your personal email address or your school/establishment's login details along with your enrollment certificate and identification to complete your registration.

Polish your presentation ! Complete your rental application and write a friendly message to the landlord.

2. Apply

Use the search bar to refine your search criteria. As soon as you find a property you like, apply by writing a message to the landlord. Visit the accommodation either online or remotely.

Can't visit in person? Take a virtual tour and avoid traveling. If a video is not available, ask the landlord to give you a tour via WhatsApp.

3. Book

Send a booking request to the landlord or receive a proposal from them. Book online by paying your first month's rent and platform fees. Platform fees range from €179 to €429 depending on the city and type of accommodation. These fees fund support, verification of listings, and assistance in case of issues.

If you like the accommodation, we advise you to make a booking request similar to Airbnb or Booking to increase your chances to get it.

Be careful !

Online booking is mandatory. It is through online booking that we can protect you against cancellations, fraud, and damages. This allows us to pay the teams who verify the ads and provide assistance 6 days a week in multiple languages.

4. A dedicated team at your service

As a student of **IRIS Sup**, you can benefit from personalized support in all your procedures.

**Our advice before / after
booking your
accommodation**

1. Prepare your rental application thoroughly

In **France**, all **landlords** ask for a **rental application**. It allows them to understand your **situation** and verify if **your profile** meets their expectations.

At **Studapart**, you create your **file only once** for **all** your **applications**. In "**my documents**," simply upload:

Your **ID card**
front/back

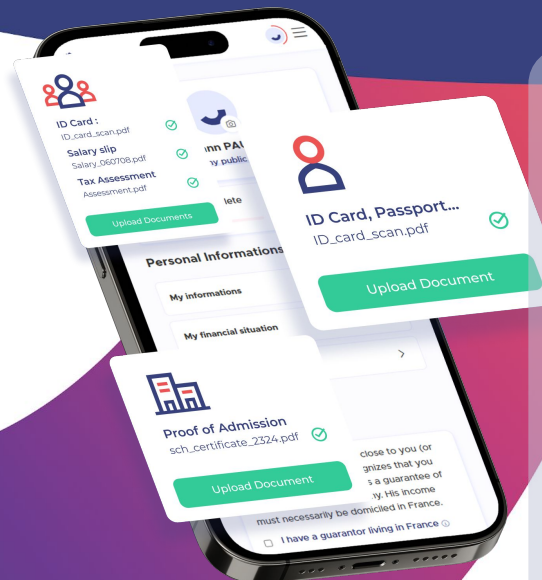

Your **guarantor's**
documents:

1. Their ID card
2. Their last 3 payslips
3. Their tax assessment.

Proof of your
admission/enrollment
in your **institution**
(an email acceptant from
your school also works)

🍀🍀🍀 Apply as soon as you like a property!
On average, it takes 7 applications before finding the right accommodation.

🍀🍀🍀 Put all the chances on your side by taking care with your presentation
With a completed rental file on the platform (landlords love it) and a personalized introduction message.

2. Anticipate your search

Sign up for our email alerts to receive **daily offers** matching your **criteria**.

Apply quickly as soon as you find a **property you like**

Maximize your chances with a **complete rental file** and a **polished presentation**.

Consider putting yourself on **the waiting list**.

Be **flexible** on the **move-in date** to **increase your options**.

Remember: anticipation and responsiveness are your best allies in your search.

3. Subscribe to the Guaranteed Profile

What is a guarantor?

A guarantor can be someone you know (parent, friend) or an organization like Studapart.

They guarantee that you are someone reliable and financially capable of paying the rent.

If you don't have a guarantor, Studapart can assist you by offering the option to subscribe directly to the Guaranteed Profile! And how?

- Stand out from the crowd with a reassuring profile
- Get 3x more responses
- Eligible throughout France

1. Sign in

Log in at Studapart and go to >> Menu >> Guaranteed Profile.

2. Activate the service

Once the service is activated, a badge will appear on your profile and landlords will see that your profile is verified and validated by Studapart. Your Guaranteed Profile remains active for 6 months from the day of subscription.

3. Benefit from the Guarantee for free

The Studapart Guarantee is included in your package. If your landlord indicates that they want to benefit from the Studapart Guarantee, it will be added to your file for free. The landlord cannot ask you for additional guarantee.

4. Contact the landlord and opt for a video tour!

a. Contacting the landlord

Direct contact: If you fall in love with the property, you can contact the landlord via the advert page

Information: Specify your arrival date and length of stay, accompanied by a personalized message, strengthening your bond with the landlord.

Flexibility without commitment: You have the freedom to adjust or decline the reservation without any initial commitment.

Secure communication: you can communicate securely via the platform's messaging system. Telephone or Skype/WhatsApp contacts can be shared to facilitate communication and organize virtual tours.

Exclusive booking: Online booking at Studapart is mandatory. It secures the transaction, positioning Studapart as a trusted third party ready to intervene in case of issues, and includes reservation-related guarantees.

b. The online booking

To confirm the booking, you must make a payment of:

The **first month's**
of rent

Studapart **platform**
fees

The Studapart
Guarantee (optional, at
the landlord's request)

c. The Studapart Guarantee

It's the Studapart solution:

- Guaranteed since 2018, accessible to all students.
- Covers up to €96,000 without waiting period.
- Tenant's responsibility, at no extra cost.

Quick Process:

- Documents: Identification and proof of link with the institution.
- Immediate intervention in case of non-payment.

Calculation of Amount:

- Rent (including charges) x length of stay x 4%.

Cost and Renewal:

- Single, non-refundable cost.
- Renewable upon request of the landlord for a stay extension.

2024 Updates

Payment in 3 installments at no extra cost with Klarna: With the payment in 3 installments, you can pay your fees by splitting the cost into **three equal installments**.

1. Establish your rental agreement

You can sign it remotely at the time of booking, prior to your entry into the premises with a scan, or directly on the day of the check-in inspection.

You decide with your landlord when you want to sign it: if you need to provide proof of address to obtain a visa, you can of course sign it remotely, once your reservation is confirmed.

The lease (or rental contract) is a written document listing all the necessary information for the rental to proceed smoothly. There are several types of leases. For example, the contract is not the same depending on whether the accommodation is furnished or unfurnished.

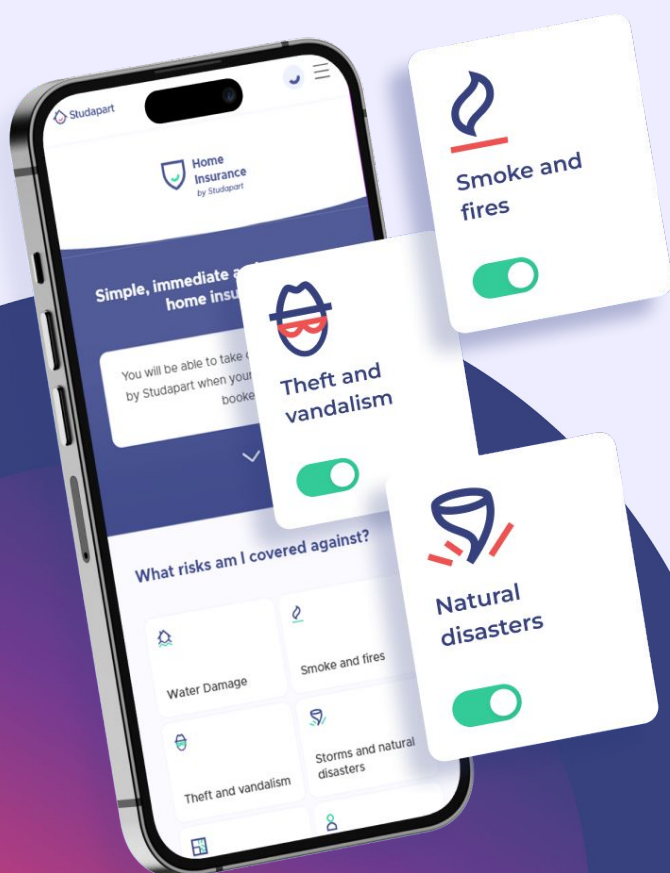

We invite you to take a look at our [FAQs](#) if you have any questions on this subject.

2. Opt for home insurance by Studapart

Also called multi-risk home insurance (MRH), it is mandatory and must be active on the day of the tenant's move-in. Since 2021, Studapart offers its own home insurance to tenants who have booked through the platform.

- Subscription directly on the platform, just after the reservation or before entering the accommodation
- Process available in French and English
- Civil liability insurance included
- Average of 10 euros per month for a studio

3. The to-do list for a stress-free move:

- **Check-in inspection:**

A check-in inspection is a document that describes the condition of a property at the time of the tenant's entry. It is used to draw up a precise report on the condition of the property and its fixtures and fittings (walls, floors, ceilings, electrical installations, sanitary facilities, etc.). This makes it possible to compare the initial state with the state of the property when the tenant leaves, in order to determine any liabilities and repairs that may need to be carried out. This is an important step in avoiding disputes when the property is returned.

- **Subscription to electricity, internet, etc.:**

When you move, it is important to subscribe to new services such as electricity, gas, water, and internet. Before moving into your new accommodation, contact the supplier(s) of your choice to subscribe to a contract. In general, it is important to plan your move in advance and take all necessary measures to ensure a smooth transition to your new home.
